

Magic News module can be an incredibly useful tool for website administrators. It enables users to view important new events and posts on your Joomla website before they actually navigate through the site. Magic news is strongly recommended for webmasters who manage content that is frequently updated such as blogs and news headlines.

### **Features :**

Auto slideshow

Supports images (JPG, PNG, GIF)

Auto Play News / URL image link / Content news text colors / News Date and Time/

Enable - disable / Auto Play News / Every News  
Very easy to use.

For now you can add 10 news, for more news please contact our support team.

**NOTE:** Recommended resolution - 590 X 300.

**Troubleshooting:** For any assistance , please do not hesitate to contact our support team.

## GLOBAL SETTINGS:

▼ Module Parameters	
Version	1.0.2
Module Class Suffix	<input type="text"/>
SWFObject script	<input checked="" type="radio"/> Mode 1 (local) <input type="radio"/> Mode 2 (Google) <input type="radio"/> Mode 3 (disable) <input type="radio"/> Safe
<hr/>	
<b>Global settings</b>	
Width	<input type="text" value="590"/>
Height	<input type="text" value="300"/>
Link Target	<input type="text" value="_blank"/>
Second to show News	<input type="text" value="3"/>
AutoPlay News	<input checked="" type="radio"/> On <input type="radio"/> Off

**Module Class Suffix** - A suffix to be applied to the css class of the module (table.moduletable), this allows individual module styling

**SWFObject script** - Mode 1 will use a local copy. Mode 2 will use the file hosted by Google. Mode 3 will disable insertion but it will use the code. Mode 4 will switch to a safe embedding code.

**Width** - Set up the global stage width, the actual width of the flash animation

**Height** - Set up the global stage height, the actual height of the flash animation

**Link Target** - Set up the link target : **\_blank** : opens the link in a new blank tab, **\_self** : opens the link in the same window

**Second to show News** - Set up how many seconds the news are displayed before changing to second news.

**Autoplay News** - Set up if you want the news to autoplay or for visitor to scroll news manually.
